Alicia C debuts her EP as a reflection of self discovery of who she was, who she is, and who she is becoming.

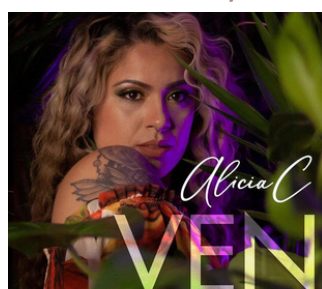

Alicia C is a recording artist originally from Eagle Pass, Texas, now a permanent resident of San Antonio. She grew up on the Texas border where music is culturally cross-pollinated. **Alicia C's musical style is a direct reflection of just that - a Mexican-American, Puerto-Rican, Tejana 'sin fronteras' fluid culture.**

Alicia C is loved by the Tejano music and the Mexican American/ Latin cultural arts communities for her contributions to its platforms. In only one year, her talent has led her to work with *Grammy* nominated sound engineer *Sevy Contreras* with Slack Monster Studio where she debuted her first original single "Despues de Todo". Alicia was honored to be nominated as Premios Tejano Mundial's New Artist of the Year. She is now working with Tejano Legend , Shelly Lares.
